1) Pre-Day 0

Reminders: HAVE THE VENDOR SEND EMAIL REMINDERS TO TAKE THE SCPC EACH DAY FOR 3 DAYS LEADING UP TO THE DIARY DAY

Send reminder email to the respondent each diary day (0, 1, 2, and 3). The email should remind the respondent to remember to participate in the diary and to log on each night.

Variables to pull in from the SCPC:

- pa001_a, pa001_b, baadopter
 - These are number of checking accounts, number of savings accounts, and flag for bank account adoption
- pa008 questions, dcadopter
 - pa008_a1, _a2, _a3, pa008_b1, _b2, _b3
 - These are the responses to the number of debit cards and number of ATM cards. DCADOPTER is the created variable that controls the flow of later parts of the survey.
- ccadopter
 - This created variable controls the flow of the survey for those respondents with credit cards
- Pcadopter, GPRADOPTER
 - These variables have to do with prepaid cards and general purpose prepaid card adoption.
- moadopter
 - This created variable controls the flow of the survey for those respondents who are money order adopters.
- obbpadopter
 - This created variable controls the flow of the survey for those respondents who are online banking bill payment adopters.
- DE013
 - If de013 = 1 then respondent owns primary home, if de013 = 2 then they do not own home.
- pa001_d1, pa048
 - If pa001_d1 = YES then the respondent has a Paypal account
 - pa048 asks how the payment account is funded. We are interested in response option 4, "money stored with payment service"

2) Day 0 Intro/Welcome screen

IF diarist logs on and SCPC IS INCOMPLETE, THEN SHOW WARNING:

It is important that you take the Survey of Consumer Payment Choice (SCPC) before participating in this Diary.

[Please click here to take the SCPC.](#)

After you take the SCPC, you will be able to continue participating this Diary.

This "Day 0" section contains items that we need to ask the night before the respondent begins the diary. Items that are in this module are "time sensitive" meaning that they have to be asked before the diarist starts recording their payments and transactions.

Intro screen

Thank you for agreeing to participate in the 2015 *Diary of Consumer Payment Choice*. Your three assigned Diary days are:

[DISPLAY DIARY DAY 1 HERE, example "Wednesday, October 3"] to **[DISPLAY DIARY DAY 3 HERE, example "Wednesday, October 3"]**.

Before you begin, we need to ask you some questions today, **[DISPLAY DIARY DAY 0 HERE, example "Wednesday, October 3"]**, that will help us prepare for your answers during the next three days. It is important that you answer these questions **at the end of the day** today before completing main part of the Diary.

Starting tomorrow, **[DISPLAY DIARY DAY 1 HERE, example "Wednesday, October 3"]**, we will ask you about purchases, payments, and cash activity. We understand that not everybody makes purchases or payments or has cash activity each day. We are interested in all types of payment behavior, including days with zero payments or cash activity.

Your diary responses will be used for research purposes only.

3) Account ownership – import from SCPC

This section will be replaced by the Accounts Module in the SCPC. If the respondent has already taken the SCPC, then we don't need to ask any of the questions about account ownership or adoption.

We will import their answers from the SCPC and maybe give them a screen which says "Is everything correct?"

Here we want to build new variables that are a combination of the SCPC variables if they exist, or the new DCPC variables if they are not missing. We'll use these variables to control the flow of certain questions later in the online diary questionnaire. First we must initialize the variables.

```
dcpc_pa001_a = SCPC variable pa001_a
dcpc_dcadopter = SCPC variable dcadopter
dcpc_ccadopter = SCPC variable ccadopter
dcpc_gpradopter = SCPC variable gpradopter

dcpc_paypaladopter = 0
IF scpc variables pa001_d1 = YES and pa048_d1 = YES ("money
stored...") then dcpc_paypaladopter = 1
```

IF diarist has already taken SCPC:

```
(qday0_scpcintro)
```

Previously, you took another survey called the *Survey of Consumer Payment Choice*. In that survey, you told us you:

display as a table, where each row has one of these lines of text

Have [FILL: pa001_a. if pa001_a = missing then display "0"] checking account(s)
IF DCADOPTER = 1 THEN: Have at least one debit card ELSE IF DCADOPTER = (0, missing) THEN: Do not have a debit card
IF CCADOPTER = 1 THEN: Have at least one credit card ELSE IF CCADOPTER = (0, missing) THEN: Do not have a credit card
IF dcpc_paypaladopter = 1 THEN: Have money stored in a PayPal account ELSE IF dcpc_paypaladopter = (0, missing) THEN: Do not have money stored in a PayPal account

Is this all correct?

1. Yes
2. No

- Do you have any credit cards?
 1. Yes
 0. No

(temp_paypaladopter)

- Do you have any money stored in a PayPal account?

Next, we'll use the variables initialized above and the responses from the question above and set the variable to the correct value if necessary.

IF (temp_pa001_a not missing and temp_pa001_a not equal to dcpc_pa001_a) then dcpc_pa001_a = temp_pa001_a

new screen – ask to everybody

(do_you_have_gpr)

When you took the *Survey of Consumer Payment Choice*, we asked if you have a **general purpose reloadable prepaid card**. Sometimes people get rid of their prepaid cards, and sometimes they get new ones, so we need to ask you again.

Do you have any **general purpose reloadable prepaid cards**?

4) Balances – Beginning of diary cash and account balances

a) Balance – Count your cash

(q1)

One purpose of this diary is to understand cash activity among U.S. consumers. It is important that we know how much cash you started this diary period with.

- Consider cash that is immediately available to you and ready for spending.
- Do not count foreign currency.
- Do not count coins.
- We will ask you separately about cash that is in storage elsewhere, such as your home, car or office.

At the end of the day on **[DISPLAY DIARY DAY 0 HERE, example “Wednesday, October 3”]** do you have any paper cash in your **wallet, purse and/or pocket?**

1. Yes
2. No

If q1 = NO then:

(q1a)

Please tell us why you don't have any paper cash.

1. I just ran out and I need to get more.
2. I usually do not carry cash.
3. I gave my cash to someone else, such as a family member/friend/housemate.
4. My cash was stolen or lost.
5. Other (specify)
5other. _____

If q1 = YES then show the following screen:

Count your paper cash!

Please tell us the **NUMBER OF BILLS** of each denomination in your **wallet, purse and/or pocket** at the end of the day on **[DISPLAY DIARY DAY 0 HERE, example “Wednesday, October 3”]**.

Your total dollar amount will be automatically calculated.

- Do not consider coins.
- Do not include foreign currencies.

(q1b)

You told us you have \$[GRAND TOTAL DOLLAR AMOUNT] in cash in your **wallet, purse and/or pocket**.
Is this amount correct?

1. Yes
2. No

If q1b = NO, please take the diarist back to the "Count your paper cash" screen so they can correct their numbers

The name of the variable for GRAND TOTAL DOLLAR AMOUNT should be "amntcashend_day0". If the respondent does not have any cash at the start of Day 0, then amntcashend_day0 = 0. If q1 = NO then amntcashend_day0 should be set to 0, not missing

(scpc_pa015_b)

12) Error checking

So far, we have created the following variables:

- amntcashend_day0

©2010–2015 Federal Reserve Bank of Boston. Proprietary and Confidential. Do not release or disclose to unauthorized parties without the prior written consent of the Federal Reserve Bank of Boston.

- amntcashpurch
- numcashpurch
- amntcashdeposits
- numcashdeposits
- amntcashwith
- numcashwith
- amntprepaidload
- numprepaidload
- amntcashend_dayX, where X = [1, 2, 3]

Next, we will create a few intermediate variables.

- $\text{amntcashout} = \text{sum}(\text{amntcashpurch}, \text{amntcashdeposits}, \text{amntprepaidload})$
- $\text{amntcashin} = \text{amntcashwith}$
- $\text{numcashtrans} = \text{sum}(\text{numcashpurch}, \text{numcashdeposits}, \text{numcashwith}, \text{numprepaidload})$

Now we can create the flag which indicates a good cash identity for Day 1:

- If $\text{abs}(\text{amntcashend_day1} - \text{amntcashend_day0} + \text{amntcashout} - \text{amntcashin}) \leq \text{numcashtrans}$ then $\text{goodcashid} = 1$.
- Else $\text{goodcashid} = 0$.

Likewise, for days 2 and 3, the good cash identity flag is as follows:

- If $\text{abs}(\text{amntcashend_dayX} - \text{amntcashend_day}[X-1] + \text{amntcashout} - \text{amntcashin}) \leq \text{numcashtrans}$ then $\text{goodcashid} = 1$.
- Else $\text{goodcashid} = 0$.

Create a new variable called `reported_cashend`, which will equal

- $\text{reported_cashend} = \text{amntcashend_day}[X-1] - \text{amntcashout} + \text{amntcashin}$
- In other words, the amount of cash at the end of yesterday, minus all cash outflows, plus all cash inflows.

New screen -- Only show screen if `goodcashid = 0`, in other words, they have a bad cash identity.

If **`reported_cashend - amntcashend_day[1,2,3] not equal to 0`** THEN

IF `goodcashid = 0` THEN
(q107)

Are there any other cash activities on **[DISPLAY DIARY DATE HERE, example “Wednesday, October 3”]** that were not reported previously in today’s online diary?

(invite to do diary again)

You were chosen to complete this three-day tracking period near the beginning of the study, and we are now looking for volunteers to repeat the three-day tracking period between November and December. If you are willing to do this, you will again be paid \$10 for the survey you complete the day before the diary, and \$20 each of the three days of your additional diary period. This means you can earn \$70 if you participate again. Would you be interested in another assignment?

e) Rating the diary (our questions and RAND cs_001, cs_003)

(q24)

Were the instructions / definitions and examples for filling out the paper diary and the online diary clear and helpful to you?

1. Yes
2. No

(q25)

Please tell us how you kept track of your daily payments and cash activity. Did you...

- *Check all that apply*

1. ...carry the large paper diary?
2. ...carry the smaller checkbook sized diary?
3. ...keep receipts?
4. ...consult your financial records (bank statements, credit card statements, etc.)?
5. ...use your memory?
6. ...use some other method?

IF q25 = 6

(q26)

Please tell us how you kept track of your payments and cash activity.
